Murray Tells Union It Will Win Steel Strike

Steelworkers Ignore Peace Offer Of U.S.

Pittsburgh, Oct. 11 — (AP)—Philip Murray told his striking CIO United Steelworkers today they will have victory shortly.

Murray spoke to 15,000 cheering strikers at Youngstown, O., as the government set out on its fourth attempt at peacemaking in the economy-crippling strike.

The steelworkers and CIO president ignored government olive branch waving and snatched to his men.

"I assure you that before very long we will all be happy. Steelworkers Victorious."

"The strike will be ended and the steelworkers will be victors."

"The American people will be the beneficiary."

Murray lashed out at leaders of the steel industry for denying free pensions and insurance to their workers "while looking forward to big non-contributory pensions themselves."

It is Murray's first speech on a pep stumping tour of major steel cities.

As Murray spoke, the steel strike blow continued spreading to allied industries with the International Harvester company layoff of approximately 3,500 employees at its Chicago McCormick plant due to depleted steel supplies.

U. S. conciliation director, Cyrus S. Ching, started arranging meetings with industry leaders to see what can be done about halting the 11-day shutdown idling 454,000 steelworkers.

First session will be with Bethlehem Steel company, the nation's No. 2 producer, in New York on Thursday. And by the middle of next week, said Ching, he will have conferred with three or four major producers, including the giant U. S. Steel Corporation.

Ching said sessions also are slated with the union in the peace try. Government intervention in the coal strike took a more definite path. Operators met at Charleston, W. Va., to talk over developments in advance of renewed contract talks tomorrow with United Mine Workers' Chief John L. Lewis.

Ching gave a lecturing last week. The government, he said, wants a quick settlement because a crisis is approaching. They agreed on another trip to the bargaining table.

Blame Chicago's Crime Reputation On The Outsiders

Chicago, Oct. 11 — (P)—A large share of Chicago's reputation for crime was blamed by a prosecutor today on out-of-towners.

John S. Boyle, state's attorney of Chicago and Cook county, told a Rotary club luncheon that 47 per cent of all crime committed in the country — the nation's largest — is done by persons from outside the county limits.

"Hundreds of thousands of criminals come into or through Chicago every year," he said. "Very few are known to Chicago police."

One judicial device to stem the criminal invasion by out-of-towners is this:

A felony court judge gives a short House of Correction sentence to those convicted of minor crimes. Then he adds a five year probation period. If the convict returns to Chicago during five years after he gets out of jail, he is subject to arrest as a probation violator.

Armed robbers and burglars don't get a probation chance.

Reports Forrestal Plunge Not Result Of Any Negligence

Washington, Oct. 11 — (P)—The death plunge of former secretary of defense James V. Forrestal did not result from any naval negligence, a Navy court of inquiry report said today.

The board held that Forrestal's death "was not caused in any manner by the intent, fault, negligence or inefficiency of any person or persons in the naval service or connected therewith."

Forrestal retired last March. He was admitted to the Naval hospital in Bethesda, Md., April 2 suffering from what navy doctors called "operational fatigue." He leaped to his death from the hospital tower May 22.

The board's findings were released by Secretary of the Navy Matthews. The five-man board was convened May 23 on orders of Rear Admiral Horton D. Willcutts, then head of the hospital.

Cabinet Members May Get Pay Boost Soon

Washington, Oct. 11 — (P)—Cabinet members, who haven't had a raise in pay since 1925, got good news today.

Senate and House conferees agreed to boost cabinet members' salaries from \$15,000 to \$22,500 a year. They also approved a pay raise for more than 200 other top federal officials at an annual cost of \$1,087,000. The bill still must be approved finally by the House and Senate, but no opposition is expected there.

And it still must be signed by President Truman, but he's expected to do that enthusiastically.

Mr. Truman repeatedly has asked for higher pay scales for government officials, saying that it's hard to get and keep first rate men unless the salaries are first rate, too.

Besides raising cabinet salaries, 000.

Harvest Weather Assures Nation Of Near Record Crops

Washington, Oct. 12 — (P)— Good harvest weather is assuring the nation of its second largest volume of crops in history and a record supply of corn for producing meat, dairy and poultry products.

Reporting this in its October crop summary, the agriculture department said also that farmers in the broad great plains region are making good progress in seeding winter wheat for harvest next year.

Conditions were sufficiently favorable during September, the department said, to boost total production prospects one per cent despite a slight drop in the corn estimate. The total crop volume is indicated at 131 per cent of the 1923-32 base, second only to last year's 137 per cent.

This may be the last year for some time, however, that crop production approaches this year's level. With surpluses mounting in the case of cotton, corn, wheat, oilseeds and some lesser crops, the government is preparing to take action to reduce output next year.

GOP State Leaders To Meet To Plan For 1950 Election

Chicago, Oct. 11 — (P)—Republican state leaders from 19 midwest and rocky mountain states will meet in Chicago Friday and Saturday to plan how to "win new voters and gain back those lost."

Guy G. Gabrielson of New Jersey, national GOP chairman, will exchange views with the state party chairmen.

Other subjects to be talked are campaign organization, publicity methods, and what the 1950 issues will be. The chief public event will be a Saturday noon luncheon at the La Salle Hotel.

Carl W. Campbell of Springfield, Illinois state chairman, said the farm policy question will be a major topic because the GOP wants "to win back the farm vote which was preponderantly Democratic in the 1948 election."

Labor Party Wins Norway Election

Oslo, Norway, Oct. 11 — (P)—Premier Einar Gerhardsen's Labor government has scored a surprising triumph by winning at least 86 seats in the new 150-member parliament tabulations from Monday's election showed tonight.

On the other hand the communists, who alone of all the Norwegian parties opposed Norway's membership in the Atlantic pact, lost all but one of their 11 seats.

The popular vote was: Labor party, 356,705; Non-Socialist parties, 350,460; Communists, 61,574.

Tucker Mail Fraud Case Is Declared Mistrial By Judge

Chicago, Oct. 11 — (P)—The multimillion dollar Preston Tucker mail fraud case was declared a mistrial today and will start from scratch again Monday.

Tucker is the man who planned a radical rear-engine automobile that never got into mass production. He and seven associates went on trial in federal court Oct. 4, charged with mail fraud and violations of the federal securities law.

Testimony of a government witness that one of the defendants had a 13 year old criminal record ended the case.

Federal Judge Walter J. LaBuy held this was a prejudicial remark. He dismissed the jury, ordered 100 new jurors summoned and set a new trial for Oct. 17.

So the marathon trial, expected originally to run until Christmas, probably will stretch into next year. The trial-blasting testimony was given Monday by Mark Mourne, Denver oil company employee, and a cousin of Tucker. Mourne, former secretary for the Tucker corporation, testified Harold Karsten, alias Abraham Karatz, had a criminal record.

Nehru Of India Arrives For Look At United States

Washington, Oct. 11 — (P)—Prime Minister Jawaharlal Nehru of "Ne-uh-ru" India arrived today aboard President Truman's personal plane for a first-hand look at the United States.

The President, flanked by members of his cabinet, smilingly greeted the Indian leader at the airport in an elaborate welcome marked by full military honors.

Top government officials hoped that Nehru's month-long stay will persuade him to line up strategically India with the west in the cold war.

Nehru, spiritual heir of the late Mahatma Gandhi, at present plans to make his Asiatic nation the "Bridge of Understanding" between Russia and the west.

In meeting him President Truman expressed hope that his coast to coast tour of the United States will leave him "with the firm conviction which 'create something of an illusion.'"

Wilhelm Pieck Picked As Head Of East Reich

Berlin, Oct. 11 — (P)—Communists celebrated with fireworks tonight the swearing in of aging Wilhelm Pieck, who holds a colonel's rank in the Soviet army, as president of a new German Democratic Republic.

The 73-year-old revolutionary who fought for Communism during the days of the Kaiser, the Weimar republic and Hitler was elected at a rubber stamp session of the people's chamber and chambers of states. He was sworn in at 4:45 p.m. as titular head of the Soviet zone state, and he at once voiced thanks to Stalin and to Russia.

The ceremony put the new state into business, without the formality of popular elections, as an active opponent of the elected western German republic at Bonn.

In his oath Pieck pledged to devote himself "to the welfare of the German people." He translated this to

Senate Undecided On Farm Supports

Will Attempt To Reach Vote On Issue Today

Washington, Oct. 11 — (P)—Despite a presidential plea for action, the Senate recessed tonight without reaching a vote on the hot issue of farm price supports.

Although Democratic Leader Lucas called the Senate to meet an hour earlier than usual tomorrow in an effort to clear the bill, the delay threatened to drive for final adjournment of Congress this week.

The House and Senate appeared to be far apart on their farm legislation, theories, and other prospective items of sharp dispute such as the displaced persons bill also await action.

Truman Asks Speed

Before today's unsuccessful drive to clear the farm measure, President Truman summoned his congressional leaders to the White House to ask them to speed action.

It was not entirely clear, however, whether Mr. Truman favored the so-called flexible crop support bill sponsored by Senator Clinton Anderson (D-NM), his former secretary of agriculture, or one providing higher, less flexible support levels.

Presidential Secretary Charles G. Ross, who sat in on part of the White House conference, said Mr. Truman told his legislative lieutenants he wanted them to "get together on a bill he can sign."

The Anderson bill provides that in 1950 price supports on basic crops shall be 90 per cent of parity if there are production controls or marketing controls on them. In addition, a long list of other crops would be supported at various levels up to 90 per cent.

After next year, however, the Anderson bill would permit supports for the basic crops to drop as low as 75 per cent of parity.

Anderson has said that the 90 per cent support probably would apply to cotton, wheat, and corn in 1950. Controls already have been announced for next year's wheat crop and there have been predictions that controls will be applied to corn and cotton.

Anderson says the 90 per cent support probably will not apply to peanuts and rice in 1950.

Says False Front For Women Helps Clothes Fit Well

Chicago, Oct. 11 — (P)—A Chicago businessman thinks one kind of inflation—that caused by "falsies" is swell.

H. Lowy, vice president of a foundation garment company, wrote a shocked letter today to the new Hollywood AFL (Anti-Falsies League), stoutly defending the ladies' right to put up a false front.

His firm manufactures the controversial detachable bumps. The Hollywood AFL, made up of girls who don't have to consider physiological facts, thinks "falsies" are sneaky.

"Why should a girl who doesn't have the development conducive to the proper wearing of clothes be denied the right to show off her wardrobe to the best advantage?" Lowy demanded in his letter.

"If the wearing of falsies or dummies, if you prefer, makes a dress fit and look better—the same as why they shouldn't be worn!"

Lowy pointed out that AFL members undoubtedly use lipstick, powder, rouge and perfume, all of which "create something of an illusion."

Atlantic Chief

ADM. H. B. BLANDY

Blandy Hits Scrapping Of Super Carrier

Washington, Oct. 11 — (AP)—Admiral W. H. P. Blandy testified tonight the Atlantic fleet he commands and the national security would be seriously endangered by proposed cuts in the navy.

The admiral turned a broadside, too, on one cut already made—cancellation of the supercarrier United States by Secretary of Defense Johnson.

This, he said, puts "an arbitrary limit" on the navy's ability to perform its major mission of commanding the sea.

Appears In Night Session

Blandy appeared before the House armed services committee at an unusual night session to pile up more arguments why the navy thinks the present defense system over-emphasizes the air force and its big B-36 bomber.

Questioned by Chairman Vinson (D-Ga.), Blandy said he didn't think navy morale is at "a dangerously low ebb." He said he prefers the word "concern."

He said that "certainly" he thinks the navy is concerned and very much disturbed over the way things are going in the defense setup and what is happening to appropriations.

And he suggested that, so long as one service stays within its appropriations, it should not be prevented by the others from obtaining additional weapons or forces.

Procedures Faulty

"The present procedures of the joint chiefs of staff are faulty in that respect," Blandy said, "and in my opinion there lies the principal source of our present difficulties."

The Atlantic fleet commander expressed hope that congress will write into law an idea advanced for study by Chairman Vinson (D-Ga.) of the House committee. It would prevent Secretary Johnson from making administrative cuts in service appropriations without consulting the lawmakers.

Other navy witnesses earlier today trained critical fire on the B-36 bomber. They suggested that Russia can shoot it down with guided rockets and that, even if the pride of the air force should escape them, its "barbaric" atomizing of cities would strip the U. S. of self-respect.

3 Michigan Men Identify Body Of Suspected Suicide

Chicago, Oct. 11 — (P)—Three Michigan men today identified the body of a man found in a parking lot as that of their brother, Joseph T. Moreland, 21.

Moreland's battered body was found this morning behind the Sheraton Hotel. Detective John O'Shea said he apparently plunged from a fire escape of the hotel.

His brothers, Robert, 36, James, 29 and John, 22, of Kalamazoo Mich., told police that Moreland an elevator mechanic, came to Chicago from Kalamazoo yesterday in search of a job.

An inquest was continued to Oct. 27.

Chicago Truckers Buy Hayes Lines

Chicago, Oct. 11 — (P)—Two Chicago trucking men, John L. Keeshin, and David H. Ratner, announced today they had purchased the Hayes Freight Lines.

Keeshin is a motor freight pioneer who founded the Keeshin freight lines, now in receivership. Ratner recently sold the Midwest Transfer Co. and the Emery Transportation Co. To enter the common carrier field.

The new line will be known as the Keeshin-Hayes lines.

The present Hayes line serves Illinois, Indiana, Ohio, Kentucky, and Tennessee. It employs 2,100 people and operates 2,500 pieces of equipment.

Forecast for Illinois: Fair and cooler today. High 64 to 68.

LIVING FENCES MAKE COMEBACK

Back in the early days of Central Illinois farming the living fence was popular. Hedge fences were common until a few years ago. Paradoxically, farmers began to pull out these living fences at the same time they began to become interested in conservation. Now, with conservation bearing down on the conscience of virtually every land owner, one can hardly find a living fence in an afternoon drive. Yet a dividing line of shrubs fits into conservation like hand in glove.

There was a reason why the old osage hedge fences were condemned. They were tall and cast a wide shade. Their roots extended well into the field thus neutralizing a wide strip of land on either side for the growing of crops. The value of land and of farm crops made those fallow strips costly to the owner. Out came the hedge.

But a new living fence is gaining in popularity. It is the multiflora rose fence. When properly planted it is supposed to be hog tight. It grows not more than eight feet high with a maximum spread of about eight feet. Advocates claim that its root system does not spread into the adjoining field. It needs little care. Such a fence helps hold the soil on a slope and it affords excellent cover for wild life—an important factor in insect control.

The multiflora rose fence is a natural with contour farming. It has the added advantage of beauty of both bloom and foliage. If widely planted it can add much to the attractiveness of the landscape in Central Illinois.

Warrant Issued In Case Of Man Struck On Head

Police and county officers continued search Tuesday for Clarence Herrin, named in a warrant as the alleged assailant of Elwood Brooks of Griggsville, who was seriously wounded in an altercation on Hooker street here Sunday night.

A warrant charging Herrin with assault with intent to commit murder was sworn out by Brooks' wife. Officials have been unable to locate Herrin who, several witnesses are reported to have said, was on Hooker street at the time the Griggsville man was struck on the head, knocking him unconscious.

Brooks' condition at Our Saviour's hospital was reported Tuesday as slightly improved. He was able to take some nourishment. He is suffering from a deep wound near one of his eyes and probable skull fracture.

The Mason and Dixon Line was surveyed by two Englishmen, Charles Mason and Jeremiah Dixon, 1763 to 1767, to settle disputes between the Lords Baltimore and the Penn family.

Transport Runs Off Pavement, Missing House By Few Feet

An eastbound transport truck and trailer left the pavement at U. S. Highway 36 and Jones Place early Tuesday morning, sheered off a light pole, missed the corner of a house by six feet, and careened for nearly 50 yards before miring down in a lawn.

The heavy truck and trailer plowed deep furrows through grassy lawns as it bulled through the low-hanging branches of several trees. It came to a halt in the front lawn of the home of Alvin Jording, No. 2 Jones Place.

Joseph Garro of Los Angeles, driver of the empty van, and a relief driver, Ralph Forsythe, were shaken up but escaped injury.

Garro told members of the sheriff's force that he was crowded off the highway by a westbound truck.

Misses Corner of House
After snapping off an Illinois Power Co. pole on the north side of the highway, the big transport continued at an angle through the yard at the home of Mrs. O. C. Coultas, narrowly missing the southeast corner of the bungalow. The deep tracks in the lawn showed that it cleared the house by between five and six feet.

Limbs of a tree in the Coultas lawn were broken off. The transport ploughed further north into the

Jording property where it crashed into a tree.

Mrs. Coultas and her daughter, Mrs. Bernice Nelson, were awakened by the crash as the transport collided with the pole, after which there was a rumbling sound as the van passed close to their bedroom.

En Route to Chicago
Garro reported to county officers that he unloaded his cargo at Kansas City and was en route to Chicago. The truck is owned by the Warwick company of Chicago.

The westbound truck which Garro blamed for the accident did not stop, according to reports.

The Lukeman Motor Co. wrecker was called to the scene and preparations were made for getting the transport back on the highway. The van did not overturn, but its front wheels were twisted badly.

Many persons witnessed the scene of the accident Tuesday morning, marveling at the force of the impact against the pole and trees.

Drunken Driving Defendants Fined; One Sent To Farm

Three cases involving charges of drunken driving in which the defendants entered pleas of guilty were disposed of in county court Tuesday morning. One man was sentenced to the Illinois State Farm at Vandalia, and two were fined and placed on probation.

Raymond Marvel, who State's Attorney Hall said had a previous court record in California, was sentenced by Judge Fenstermaker to six months at the state farm.

Harold Angelo, arrested in connection with the case against Marvel, was fined \$100 and costs, placed under probation for one year, and his driver's license revoked for a year. Angelo had no previous court record.

Both men were arrested several days ago on complaint of Tony Cremons who accused them of "taking him for a ride." State's Attorney Hall said that a previous charge of automobile theft against Marvel and Angelo will be dismissed.

Edward Freitag, charged with driving while under the influence of liquor, was fined \$200 and costs, and ordered to make restitution for damages resulting from a collision. The entire amount of fine, cost and damages being \$449.93. Freitag's license was revoked and he was placed on probation for one year.

The necessary Luxury

THE LINCOLN COSMOPOLITAN SPORT SEDAN

White side-wall tires, road lamps, and HYDRA-MATIC* transmission optional at extra cost

For some time now, you've been thinking about owning the Lincoln Cosmopolitan. Yet a little voice inside you keeps saying, "Hold on! Isn't the Lincoln Cosmopolitan a luxury?"

Of course it's a luxury! But aren't certain luxuries necessary to your way of life... a fine home for your family... a good school for your youngsters? All the more definitely then, the Lincoln Cosmopolitan is the very car for you.

We could list many reasons why it is a far wiser investment. The beauty of its new "Salon Styled" interior and the luxury of Lincoln power combined with HYDRA-MATIC* alone are worth its price (which is much less than you may think).

But most important of all, what other car is as distinctive to own as the Cosmopolitan?

Admittedly, it is a luxury. But if personal prestige is one of your goals in life, how could the Lincoln Cosmopolitan be anything but a necessity to you? When may we place one at your call?

Schedules Talent
For Coming Year**

According to an announcement made by the president, Arthur S. Samore, the Jacksonville Civic Music association closed a successful campaign for members on Saturday evening, Oct. 8. Workers were gratified that final results disclosed approximately the same budget to be available for 1949-50 talent as was used for last year's series.

The first concert of the season will be given in the Jacksonville high school auditorium on Sunday, Oct. 16, at 4 p. m. with Jerome Hines rising young baritone of the Metropolitan Opera, as soloist.

Admission to this program will be by presentation of a postcard which will be mailed to each subscriber, inasmuch as season tickets will not be ready for such an early date.

Subsequent concerts include programs by the Griller String Quartet, a group of English musicians who have played together since 1929; Jacob Lateiner, 22-year-old Polish pianist who enjoys an enviable reputation for one so young; the National Male Quartet, a group of male singers who captivated a Jacksonville Civic Music audience last year and who were engaged again because of popular demand.

Old Paper Helps Museum

Leadville, Colo. —(AP)—Healy House has one claim to fame. Every room in the old house in this two-mile high silver mining town has been redecorated in wallpaper of the 70s and 80s.

When a new type of wallpaper was shown at a Pueblo exhibition in 1876, one room of the Healy House was papered with it. A few years ago a search was made of Leadville basements and attics with the result that enough oldtime wallpaper was found to redecorate the house entirely.

It was dedicated as a Colorado museum in 1945.

Flavor For Canned Fruit

Washington —(AP)—More flavor is foreseen by the U. S. Department of Agriculture. Research on the apple crop has brought a new method to preserve flavor, says Dr. G. E. Hilbert. Gases from the first boiling of the fruit were preserved, condensed and returned to the final product.

By this method, Hilbert believes that it will be possible to preserve the flavor even of fruits that do not lend themselves to shipping.

Notre Dame Mentally Behind The Eight Ball For Tulane Struggle

By Jerry Liska

Chicago, Oct. 11.—(P)—On a mission of revenge, a Tulane eleven bristling with talent and bitter memories of a record 59-6 trimming when last they met two years ago challenges mighty Notre Dame Saturday. The psychological aspects of this contest at South Bend, Ind., where the late Knute Rockne used psychology as a Phantom 12th man on the field, weigh heavily against the Fighting Irish.

It is small comfort to Irish Coach Frank Leahy that his team, victorious in three starts, has been rated a two-touchdown favorite. Tulane also is a triple winner and the game is a showdown for top ranking in the nation. Tulane already has engulfed Alabama, Georgia Tech and Southern Louisiana.

Leahy knows Coach Henry Frka needs only to point at the record book to make his Green Wave boil and surge.

Not only did the 59-6 clouting of Tulane two years ago mark the largest Irish score by a Leahy-coached team, but it was the fourth straight Green Wave loss to Notre Dame in as many meetings.

In that luckless series, Tulane was outscored 158 to 12, being blanked 26-0 in 1944 and 41-0 in 1946 and losing 32-6 in 1945.

Leahy didn't see The Game. Ironically, Leahy wasn't present when the Irish hammered Tulane 59-6. Frank was in California that 1947 day and the club was in charge of Ed "Moose" Krause, former assistant coach and now Irish athletic director.

Touchdowns came in bunches, five in one period, against young, willing, but outclassed Tulane. And Krause couldn't find the button to turn them off.

There are more than a score of Tulane lads back from the 1947 team. Eight of next Saturday's starters writhed, either on the field or on the bench, under the Irish avalanche of points. Two of them, guards Bob Franz and Dennis Doyle, started in the 1947 debacle.

There probably won't be any harder smacking backs on the field Saturday than fullback Eddie Price, who has become quite a football player since the Irish last saw him, and Bill Svoboda, a halfback who also was fanned by the Irish breeze two years ago.

Add to those, Center George Mad-

dox, tackles Max Bruen and Dan Rogas, and end Rex Patridge, who also are likely to get the starting call in Tulane's revenge crusade.

The game has been a sell-out at the 56,000-seat Notre Dame stadium since early August.

Frka reportedly covets a victory over Notre Dame more than the championship in his southeastern conference and will pull out all stops, especially with such league foes as Alabama and Georgia Tech out of the way.

For Leahy, the game undeniably is the key to a possible national title, although after the Green Wave the Irish have dates with resurging Navy, Michigan State, North Carolina, Iowa, Southern California and Southern Methodist.

Leahy knew what he was doing when he scheduled an open date after Saturday's game and before the Oct. 29 engagement with Navy at Baltimore.

Triple A Pilot May Replace Sox Manager Onslow

Chicago, Oct. 11.—(P)—The Sun-Times said tonight that Paul Richards, who managed the Buffalo Bisons to the Triple A International league pennant, was "almost certain" to succeed Jack Onslow as pilot of the Chicago White Sox.

The newspaper said Richards, former New York Giants and Detroit Tigers catcher, "was approached by both major and minor league clubs with managerial offers for 1950." It said he "committed himself to no agreement, pending disposition of talks with the White Sox."

Onslow, who came up from Memphis to manage the White Sox to sixth place this season, has one year of his contract to go.

"Lane (General Manager Frank Lane) and I will do some building immediately," said Vice President Charles Comiskey. "We first have to make up our minds whether to retain Onslow. If we decide against that we'll have to single out the man we consider a suitable successor."

AUSTRALIAN BOXER WINS TEN-ROUNDER

London, Oct. 11.—(P)—Dave Sands, Australian title champion, tonight won a ten round decision over Pete Mead of Grand Rapids, Mich., before a capacity crowd of 16,000 at Harringay arena.

Sands, who holds his country's middleweight, light heavyweight and heavyweight crowns as well as the British Empire 160-pound title, was credited with seven rounds on the Associated Press' scorecard to one for Mead. Two were rated even.

The Australian outweighted Mead, 162 to 160.

NICKEL UNPLUGGED

Granby, Colo.—(P)—Frank Bathrick is 6 years old. His dad gave him two nickels for being a good boy. Lying on the floor, the boy began juggling the coins. One slipped from his hand and fell into his mouth, slipping into his throat.

The father, Ralph Bathrick, hustled the boy into his car and headed across the mountains to Denver. Near the city limits police furnished an escort to Children's hospital. A surgeon fished out the nickel plugging Frank's throat.

Frankie Parker Will Turn Tennis Professional At 33

New York, Oct. 11.—(P)—Thirty-three year old Frank A. Parker, who has toured the world as a tennis player for more than half his life, today agreed to continue touring as a member of the Jack Kramer-Pancho Gonzales professional troupe.

Bobby Riggs, tournament manager, said that Parker will come here Thursday to sign a contract and will make his professional debut against Francisco (Pancho) Segura of Ecuador, at Madison Square Garden Oct. 25.

Parker will receive \$500 a week for a six-month period for his part in the show, which will tour 100 cities.

Parker, who was discovered by Coach Mercer Beasley as a ball boy in Milwaukee, has been a prominent tennis player since he was 15 years old. He won his first title, the National Boys championship, at that age in 1931. Since then he has acquired 14 other assorted national titles, including the United States men's Singles championship in 1944 and 1945, the Canadian singles and the French singles titles.

Parker also was a member of three United States Davis Cup teams, in 1937, 1939 and 1948, but he was not selected this year.

During the pro tour Parker will oppose the bouncing, two-handed-hitting Segura.

Wilson Proposes Fifth Official For Big 10 Games

Chicago, Oct. 11.—(P)—Adding a fifth man to the quartet of officials for football games is proposed by Kenneth L. Wilson, Western conference commissioner of athletics.

Wilson said he would ask the Big Ten to add the extra man at the next conference meeting in December.

His request came after Referee Lyle Clarno was injured during Saturday's game between Northwestern and Minnesota when he was run over by Wildcat fullback Gaspar Perricone in the second quarter. Clarno, although not seriously injured, was unable to continue.

"A fifth man should be added to the staff to be available as a replacement," Wilson said. "It will be a fine way for our less experienced men to get the feel of working before a big crowd and they could learn by observation. If anything happens, such as Clarno's injury, there will be no delay and accredited men still would be in charge."

It happened one night in Brooklyn. The light switch was flipped for the first time on a world series game in Ebbets field late Monday afternoon. Things were looking mighty dark for Manager Shotton's athletes about that time, but methinks the bulbs didn't help much. Shotton made a mistake. He should have quietly stole away in the dusk of a Brooklyn evening. His kibitzers have kept the spotlight on him since the series for what they term "bonehead strategy." We still contend that the best baseball strategy is a home run and there can be only one smart manager per season in the fickle fans' eyes—the series winner. Old Casey knows that he's a hero this fall but will go south a bum if he should fail next season.

Though it be termed anti-climax, Joe DiMaggio's fifth game home run tugged at more than one heart-string. For sheer drama, the Yankee Clipper tops 'em all. The stage lost a great thespian when DiMag turned from fishing to baseball.

Montgomery, Ala., Oct. 11.—(P)—George Mueger, coach at the University of Pennsylvania, has been added to the northern coaching staff for the annual Blue-Gray college all-star football game Dec. 31.

Champ Pickens, Blue-Gray general manager, announced today that Mueger had accepted an invitation to replace Ox Degrota, former Temple coach, on the northern staff.

Head Coach Ray Elliot of Illinois and Rip Engle of Brown have also agreed to coach the Blue squad, Pickens said.

Blueboy Quarterback Has Brain Concussion

Bob Scheller, Illinois college quarterback, suffered a severe brain concussion during a practice session in the Hilltop football camp yesterday afternoon.

Al Miller, head coach at Illinois college, could not be contacted last night. However, unofficial sources revealed that, although Scheller had been tackled "hard" several times on preceding plays, he was not hit when he fell to the ground unconscious.

Apparently a previous tackle had worked with delayed action, leaving the quarterback on his feet but unaware of what was going on. A type of injury not uncommon to football players.

Dr. Bone reported that Scheller was conscious at 9:30 p.m. yesterday, but "still pretty groggy." He will definitely remain at Passavant today, and probably longer.

Scheller, a sling-shot passer, has been employed this season as opposing signal-caller to the Blueboy varsity. Working behind an inferior line, he has sustained minor injuries before yesterday. Bruised ribs and twisted ankles are common ailments with the Chicago junior. He is used as a spot passer and place-kicker in actual games.

According to Dr. Bone, attending physician, Scheller was completely unconscious for over an hour. He

was taken to Passavant hospital where he will remain for observation, pending more serious complications.

Charles Listless, Still Favored Over Valentino

San Francisco, Oct. 11.—(P)—Although his workouts have been unimpressive, at times dull, Ezzard Charles was a prohibitive favorite today to retain his national boxing association heavyweight title against Pat Valentino, Friday night.

Latest odds quoted the Cincinnati negro as the 4 to 1 choice. He may be an even greater favorite when the pair climb into the ring at the San Francisco cow palace for their 15-round match.

Merle Wade, who's wheeling the first annual Morgan county grade school football tournament, announced yesterday that the opening date has been switched from today (Wednesday) to Thursday.

The tourney schedule will be set back accordingly. Class B entrants will compete on the Chapin grade school diamond while the class A's (schools with over 100 population) tangle on the Chapin high school field.

The Jacksonville high school frosh-soph gridlers missed a chance to show local fans some winning football when the weatherman forgot to put the plug in his bathtub yesterday. They were slated to meet the Roodhouse yearlings whom they have already blanked 19-0 this season.

The Wimberly-Patterson coached bunch also boasts a win over Winchester to complete a 2-0 record up to now.

It happened one night in Brooklyn. The light switch was flipped for the first time on a world series game in Ebbets field late Monday afternoon. Things were looking mighty dark for Manager Shotton's athletes about that time, but methinks the bulbs didn't help much. Shotton made a mistake. Most played-down heavyweight boxing title fight in the history of the sport is probably the upcoming Ezzard Charles - Pat Valentino fight. Evidently the boys aren't expected to put up much more of a struggle than two high school football players with a mad on.

Football game of the week will see two mighty green-tinted eleven, Notre Dame and Tulane, attempting to prove the ageless gridiron geometric theorem, "my goal line is farther away than yours, yaah!" Frank Leahy, who has assembled one of the best college football teams in the nation, is also the most worrisome gent in the biz. Now he's afraid that the beating his Irish administered to the southern Irish two years ago will reflect itself in the upcoming clash. That guy worries more about finding something to worry about than any ordinary person worries about not having something to worry about.

NORTHERN ALL-STARS GET ANOTHER COACH

Montgomery, Ala., Oct. 11.—(P)—George Mueger, coach at the University of Pennsylvania, has been added to the northern coaching staff for the annual Blue-Gray college all-star football game Dec. 31.

Champ Pickens, Blue-Gray general manager, announced today that Mueger had accepted an invitation to replace Ox Degrota, former Temple coach, on the northern staff.

Head Coach Ray Elliot of Illinois and Rip Engle of Brown have also agreed to coach the Blue squad, Pickens said.

Wildcats Passing
Evanson, Ill., Oct. 11.—(P)—Quarterbacks Dick Flowers and Don Burton were on the throwing end in a long passing drill today as Northwestern practiced against Michigan plays.

End Joe Zuravieff, replaced on the first team in a shakeup by Don Stonieser, was the principal passer.

Coach Bob Voigts stressed blocking and tackling.

Illini Play In Rain
Champaign, Ill., Oct. 11.—(P)—Heavy rains and mud failed to halt an Illinois scrimmage today as the gridlers drilled on stopping Missouri's split T running attack.

Bob Rylowicz, Chicago sophomore, was moved into the third string fullback spot and Rudy Valentino, chunky East Chicago, Ind., sophomore, was shifted from guard to linebacker work.

Freshman Bill Tate, running Missouri plays, got off for several good gains.

Swistowicz In Hospital
South Bend, Ind., Oct. 11.—(P)—Notre Dame fullback Mike Swistowicz probably will spend another two days in the hospital with a leg infection and trainer Hugh Burns said is not expected to play in Saturday's clash with Tulane.

Tackle August Cifelli returned to practice for the first time since suffering a sprained ankle last Thursday.

FLAMINGOS MEET HURRICANES
Miami, Fla.—(P)—Flamingos, famed pink birds of Florida, know how to take care of themselves in a hurricane.

When the great winds come, the birds take to dry land, form themselves into a wedge, with the V pointing into the wind. The point shifts as the direction of the wind changes.

Fort Worth, Tex., Oct. 11.—(P)—Fifteen-year-old Marlene Bauer of Long Beach, Calif., continued to set the pace today as favorites advanced to the second round of the Women's Texas open golf tournament.

Lee Oma Quizzed By Grand Jury In Bertola Ring Death

Buffalo, N. Y., Oct. 11.—(P)—Lee Oma, veteran heavyweight, signed a waiver of immunity today and went before a grand jury investigating the prize ring death of Enrico Bertola.

But Oma, whose reputation as a prize fighting clown makes him a better-than-average drawing card, was serious for a change.

He was questioned behind closed doors on the Oct. 4 10-rounder which he won from Bertola and which resulted in the Italian's death. Bertola died of a blood clot on the brain.

Oma, meanwhile, has signed to appear again in Buffalo Nov. 10 against an opponent still to be chosen. Matchmaker Charlie Pinto said he hoped to sign Gus Lesnevich, Jersey Joe Walcott or Joe Baksi.

Gophers Dig In For Ohio State

Minneapolis, Oct. 11.—(P)—Morale of the Minnesota Gophers rose sharply today with the return to action of three important cribbles.

Fullback Ken Belersdorf and Halfbacks Billy Bye and Ralph McAllister suited up for practice. Bye didn't wear pads but was running through the various defensive formations Coach Bernie Bierman hopes will stop Ohio State Saturday.

Bye's quick recovery was much more than the Gophers hoped for after he was carried from the Northwestern game last week with a severely bruised back muscle.

The Buckeyes will be the first single wing opponent for the Gophers this season.

Coach Don Luketich's Greenfield Tigers set an Ivy loop record in the game with Pleasant Hill last week by scoring six consecutive extra points. Coach S. N. Walker's White Hall Maroons held the mark of five consecutive extra points after touchdowns in the game with Greenfield in 1946, winning 35-0 over the Al Lee coached Tigers at White Hall.

HEN 21 YEARS OLD STILL LAYS EGGS

Lincoln, Neb.—(P)—A hen old enough to vote is claimed by Pearl Halferty, a stock feeder for a railroad.

He said the 21 year old hen is the last survivor of a flock of 50 roosters and 48 hens he bought in 1928. She still lays an egg now and then, he said.

Toronto, capital of the province of Ontario, is the second largest city in Canada, and is known as the "Queen City."

Pittsfield, Jerseyville Remain Undeclared In Ivy Conference Ranks

By Bill Chipman

Two Illinois Valley conference football teams remain in the undeclared ranks among league competitors. A pair of pre-season favorites, Pittsfield and Jerseyville, are living up to expectations of the dopesters.

Pittsfield just managed to slip by a rough Roodhouse team 13-12 to retain its prestige in the loop last week. E. V. Halts Jerseyville Panthers clicked with the precision of a well-oiled gridiron machine in rapping an unbeaten Carrollton club 24-7.

One point decisions are proving the difference for the Saukees. Last year Glenn Smith's lads won the title with a narrow victory over Jacksonville. Last week's battle might well give the Pike county athletes a repeat.

Greenfield Strength
Pittsfield entertains Greenfield in the Valley's big attraction Friday night. Coach Don Luketich has a punt formation. The Roodhouse line big line, clever ball handling and a hard running ball-toter in Dean Cochran. A weak aerial attack keeps the Tigers from being as strong as Friday. The Hawks didn't have the manpower to stop Jerseyville's Saukees are defending titlists, they crushing ground game last week, but rate no more than even against Greenfield whose single league loss was to Jerseyville, 12-6.

Taking second spot on Friday night's Ivy show, Jerseyville journeyed to White Hall. With five ball-carriers whom any coach would welcome, the Panthers have developed a devastating running game. Big Jim Warford handles the fullback spot. His line-plunging whipped the Carrollton forward wall badly and as a defensive line-backer, he is in a class by himself.

White Hall showed vast improvement in tying Winchester 7-7 last week and have aspirations of pulling an upset Friday night.

Roodhouse At Winchester
Roodhouse, looking unexpectedly strong against Pittsfield, will attempt to keep their title hopes alive at Winchester Friday. The Rail-roads pounded through the Pittsfield line for two scores using coach Campbell's power-packed single wing.

Winchester came up with a passing attack for the first time this season against White Hall. Wildcat backs threw accurately from a short punt formation. INSTRUCTION

Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

THE STORY: Finances, in-laws, no place to live and Tod's "sneaking the torch" for his own convenience to make Jenny's marriage unhappy with Tod's parents. Jenny becomes the mother of twins. Tod graduates from college and they are invited to live in the guest cottage of an old friend, Rick Morris, until Tod finds a place in the city. Tod is suspicious that Rick is in love with Jenny. Even Jenny's friend, Nina Cushman, advises against this move, but Jenny likes the place. Tod's moods grow more disagreeable as he is unable to adjust himself to commuting. Jenny accuses him of grumbling.

XX

"Oh, so I grumble!" Tod said bitterly. "Who wouldn't! I slave in that hot office all day and then drag home on that jolting old bus in the heat, breathing carbon monoxide fumes all the way, eat dinner, go to bed, get up and do the same thing all over again the next day."

"But, darling, we'll find some place to live in Capitol City soon. Meanwhile, why don't we try to be contented here?"

"Why shouldn't you be contented?" he exclaimed. "You sit here in the cool cottage all day, eat a leisurely lunch, nap when the twins do, go for a swim with Rick—"

"If that's the sore point, I can tell Rick that you—"

"That's not the sore point!" he snapped. He pushed away from the table. The screen door banged after him.

Jenny got up and stood in the doorway, watching him stride down the driveway and then off across the park. Every time they quarreled he went off like this and after a while he'd come back and everything would be patched up.

However, when Tod returned on this evening an hour or so later, he was still sullen. He came into the cottage and flung himself down in a chair and lit a cigaret before he spoke to her.

"I ran into Ma downtown to-

Saturday morning and borrowed Rick's car to drive up to Capitol City, resolved to rent the first place she found that she could live in.

It turned out to be a basement apartment on a shabby side of town. It smelled a trifle musty, but on the south there was a row of windows.

There was a fireplace, too, wonderful for cold winter evenings and dismal afternoons. Aside from those two advantages, however, there was little to be said for the apartment. The kitchenette, a converted closet, was dark and damp and smelled of mice and roaches. The tiny bedroom's window opened on an alley. And the rent was far too much, \$65.

A basement would be damp, Jenny mused, and probably not too good for the twins, but she could take them for long walks in the sun to make up for it. She'd have to keep them off the floor, but it wouldn't be long until they'd be out of the crawling stage anyway.

ONCE she'd made up her mind to take it, she felt elated. Tod was surprised when she phoned him. "But Jenny, whatever made you take it into your head to drive up and look for a place yourself?"

"When you said you weren't coming home this week-end, I couldn't stand it," Jenny answered. "I felt that any place, no matter how shabby or inconvenient it was, would be better than our being apart. I hope you like it. It's not bad, really!" Her voice grew hoarse with excitement, her weariness over the long day's search gone now completely. "It even has a fireplace."

"That's wonderful, Jenny."

"It's not in a very nice part of town, but—"

"Well that doesn't matter too much. After all it's just temporary."

"Yes—just temporary."

"I'll see about renting a truck to move our things up Monday."

Jenny walked out of the phone booth on winged feet. Another fresh start for them, she thought happily. Everything would be all right now.

Education Board Furthers Plans For Expansion

The Jacksonville board of education considered plans for housing the increased school enrollment when it met last night.

Suggestions received at a recent public meeting were discussed at some length. The various plans for housing the 30 to 50% more pupils which will enter the schools in the next few years were considered.

It was decided to secure additional information on plans and costs and to present them at a second public meeting as soon as the information can be prepared.

The board also approved a plan wherein the Illinois Department of Public Instruction would place a psychologist in Jacksonville to serve the western area of Illinois. He would work with pupils in school systems which operate programs of special education. At the present time Alton and Quincy are the only other cities in this area which are operating these programs.

M'Murray Band Plans Concert, Campus Sing

The 40-piece MacMurray college concert band, under the direction of Henry E. Busche, will present a unique Band-Campus sing on Thursday, Oct. 13 at 7 p.m. Although the band will present several numbers and special features, the principal performers will be the audience who will participate in impromptu community singing accompanied by the band. Everyone is invited to come, particularly those who like band music and group singing. The concert will be on the campus in front of Ann Rutledge hall.

Featured on the varied program will be Barbara Dixon, soprano, who will sing "Falling in Love with Someone" by Victor Herbert, and "Villia" by Franz Lehár. Miss Dixon is a senior music major from Des Moines, Iowa, and is a member of the college choir.

A trio of twirlers, composed of Dorothy Fisher, Betty Miller and Dorothy Jo Mangray, will perform first in the dark with lighted batons, and then in a synchronized routine with drums, climaxed by a display of the specialties of each twirler.

Miss Fisher, a sophomore from Columbia City, Ind., was voted the outstanding drum majorette of Indiana during her senior year in high school. Miss Miller, a freshman from Jerseyville, has twirled for nine years and was drum majorette of her high school band. Miss Mangray, also a freshman, has twirled for three years and was drum majorette of her high school band at Millford, Ill.
